

# REEL ROTATOR

Why  
LOGITRANS?

[logitrans.com](http://logitrans.com)

## High safety means less sickness days

One of the benefits of the Reel Rotator is the ergonomic design, which reduces sickness days and gives happier employees.

## Higher efficiency and performance

The unique designed and flexible construction of the Reel Rotator increases efficiency in production and stock.

It cannot open the gripping arms by a mistake, meaning high safety and avoiding unnecessary costs for lost reels.

## Durability, lifetime

The Reel Rotator has a long operating life.

With its special construction with use of quality materials, it lowers maintenance costs.

All will be tested before shipment.

## Flexibility

- Available as manual, semi electric or fully electric.
- Available with and without straddle legs.
- Can handle different types of reels etc.
